

# THE RETrans PORTAL

DIGITAL AND DIRECT – OUR NEW PORTAL FOR DIGITAL ORDER TRANSMISSION AND COMMUNICATIONS

Rhenus  
RETrans

## WHAT IS THE RETrans PORTAL?

You can access the RETrans portal via an individual link that you receive with your transport order. In the portal, you and your driver can view all the relevant information regarding the respective transport order. Via their mobile device, the driver transmits the transport status as well as documents and weights to the portal. You can access the driver's confirmations, including the uploaded documents and weights, in real time through the RETrans portal.

> [WWW.RHENUS.GROUP](http://WWW.RHENUS.GROUP)

## THESE ARE YOUR DRIVER'S BENEFITS WITH THE RETrans PORTAL:

-  Addresses and information on loading and unloading
-  Uncomplicated reporting of problems to our dispatch team
-  Easy status feedback on the order including loading and unloading weight
-  Documentation of weighing slips and accompanying documents via the camera of the mobile device

## THESE ARE YOUR BENEFITS WITH THE RETrans PORTAL:

-  Real-time status updates from the driver
-  Access to collected documents
-  Overview of reported weights
