

ENVIRONMENTAL POLICY STATEMENT

Rhenus High Tech Limited is a company specialising in the transport, storage, delivery and installation of high value and technologically sophisticated equipment for customers. We recognise that all our activities interact with the environment and we are committed to protection of the environment, including prevention of pollution, minimising adverse impacts and improving process efficiency. In particular, this will be achieved through our commitment to:

- Complying with all applicable environmental legal requirements and other relevant requirements to which we subscribe, such as the Fleet Operator Recognition Scheme (FORS).
- Complying with all Rail Standards and relevant legislation for work in Rail Environment.
- Strive to make efficient use of energy and materials, including substitution, for renewal resources wherever possible.
- Reviewing the actual and potential impacts of all activities, including those affecting our local community.
- Continually improve the environmental management system to enhance environmental performance by understanding the relative importance of impacts, monitoring performance and setting appropriate objectives and targets.
- Calculating our CO2 emissions enables us to identify opportunities for future CO2 reduction for all business activities and comply with UK regulations
- Employing best practice to protect the environment, prevent pollution, minimise waste and maximise the efficient use of resources.
- Promote the re-use/recycling of materials and the use of recycled materials.
- Identifying and managing key risks and having arrangements in place to respond to all foreseeable accidents and emergencies.
- Involving employees in our environmental programmes and providing training to enable them to discharge their duties.
- Engaging with our main partners regarding sustainability strategies
- Ensure the policy is brought to the attention of all employees and made available to other interested parties on request.
- Set and monitor environmental objectives to continually improve performance.
- To maintain ISO 14001 across all certified business sites.

Every employee has an individual responsibility to help meet the requirements of this policy. All are invited to contribute ideas for better practices.

The Managing Directors will oversee an annual review of this policy to ensure their continued effectiveness and alignment with Rhenus Group Company Policy. Where necessary, to ensure legal compliance and promote continuous improvement, the policy and associated procedures will be amended. Any amendments will be brought to the attention of all persons that need to know via the HSEQ (Health and Safety, Environment and Quality) Noticeboard in each depot and by written communication.
